

Fall 2024
**Organic Olive Oil Share
from Therianos Family
Organic Farm
Commitment Form**

Therianos Family Organic Farm, TUV Austria

on the island of Zakynthos, Greece *Meet Dimitris & see the Farm: [here](#), [here](#) & [here](#)

"We cultivate the age-old olive groves of the Koroneiki variety of over 600 years old trees and a more ancient variety called Dopia Zakynthos, which is estimated to

be over 2,000 to 2,500 years old. Following the knowledge and advice of five centuries over the crop and oil export that our ancestors passed from generation to generation, our family constantly works on having the best possible olive oil. Our philosophy for life, our belief in a better world, and mutual respect, along with the extremely rich soil of our olive groves and their excellent variety, all together result in an excellent extra virgin olive oil...."

"...My olive oil is among the [top 10 in the world](#) in terms of quality and amount of polyphenols - but I still learn something new every day. I want to make better oil every year, and to find limits in how good it can be..." -

Dimitris Therianos
